

S & K Suitcase Cycle News

APRIL 1970

FLY-IN OFFICE

The large number of people flying in to see our Suitcase Cycle has demanded that we be located on an airport. Therefore, as of April 1, 1970 all sales will be handled at our new fly-in office on the Santa Monica Airport, Santa Monica, Calif. Phone (213) 390-4421. All Models will be kept on hand at the airport so that any one of them can be easily loaded in the customer's airplane at the time of sale.

NEW HONDA TRAIL 90 K-2

The new K-2 model of the famous Honda Trail 90 has just been introduced. It continues to be one of the most versatile street and off-road bikes available to the sportsman with the 8 speed transmission, automatic clutch and high altitude carburetor jet. New features are a swivel handle bar for easy stowing, new side kick stand for easy parking and an improved carburetor air intake. S & K continues to modify this fabulous bike into a Suitcase Cycle to be carried in light aircraft.

SUITCASE CYCLE DEALERS

S & K will be setting up dealers on airports throughout the United States starting in May 1970. Give us your recommendation of a good dealer prospect in your area. Better yet, tell him to write us.

MAIL ORDER SALES

Over 70% of all sales in the past 16 months were mail order. Crated at our factory and shipped all over the United States by Air Freight and Truck.

AOPA PLANTATION PARTY

We'll be there with our display.

ADVERTISING

The following 1/3 page ad will appear in national aviation magazines through the rest of 1970 starting with the May issues.
